Project name	Project URL	Feature request	Cosumo	Starting point	Communication channel	Others	Assigned Mentee / Owner
AI agents delegate actions	https://github.com/xoriors/experimental/t	#experimental: MCP proxy or delegate to sub-agents to reduce the main context of AI agents — Offload agent memory via an MPC proxy or sub-agents to shrink context and reduce tokens.		https://github.com/xoriors/experimental/tree/mcp-t	Discord	https://discord.gg/3W3mwWvz8y	Horia-Ioan POTOP
coming soon https://xorio.rs/	https://github.com/xoriors/experimental/tree/	#experimental: /ai merge conflict prompt for AI agents — Structured prompt that enables agents to analyze merge conflicts intelligently. Creating the prompt and setup for a sub-agent worker is what we first need https://xorio.rs/		https://github.com/xoriors/experimental/tree/mcp-t	Discord	https://discord.gg/3W3mwWvz8y	Gabriel CRISAN, Mario GLOVI
coming soon https://xorio.rs/	coming soon https://xorio.rs/	Showcase MCP as a replacement for REST API — Demonstrate how MCP tools outperform REST endpoints for agent interactions.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
coming soon https://xorio.rs/	coming soon https://xorio.rs/	Build a rerun MCP server — Expose Rerun.io's 3D visualization APIs as an MCP toolset for agents.		https://drive.google.com/drive/folders/1yAWNKML-	Discord	https://discord.gg/3W3mwWvz8y	
Semantic Zero-Knowledge Clear Proof	https://github.com/xoriors/experimental/t	#experimental: Rerun playground with CLIPs		https://github.com/xoriors/experimental/issues/1	Discord	https://discord.gg/3W3mwWvz8y	Tudor CINTEZA
coming soon https://xorio.rs/	coming soon https://xorio.rs/	#experimental: vibe coding add context to code — Inject style or mood context into coding agents to influence output tone.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
coming soon https://xorio.rs/	coming soon https://xorio.rs/	#experimental: smart ways to compact AI coding agents context window — Auto-summarize and compress code state for extended agent sessions.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
coming soon https://xorio.rs/	coming soon https://xorio.rs/	#experimental: ad-hoc UI in chat agents for input data — Let agents spawn temporary UI forms dynamically inside chats.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
coming soon https://xorio.rs/	coming soon https://xorio.rs/	Showcase HRT - Declarative file-watchers powered by LLM actions and triggers.		https://github.com/xoriors/experimental/tree/hrt	Discord	https://discord.gg/3W3mwWvz8y	Paul-Alexandru CARST
coming soon https://xorio.rs/	coming soon https://xorio.rs/	malware detector AI agent		https://github.com/xoriors/experimental/issues/5	Discord	https://discord.gg/3W3mwWvz8y	Razvan GHIORGHE, Mihaela CĂRĂ
coming soon https://xorio.rs/	coming soon https://xorio.rs/	Sommelier assistant with skills — Recommend wines using AI skills for pairing, taste, and region.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
coming soon https://xorio.rs/	coming soon https://xorio.rs/	#experimental: git clone post-operation scanner prompt for AI agents — Scan newly cloned repos via an automated AI prompt workflow.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
LLM linter	https://github.com/xoriors/experimental/t	#experimental: linter with AI coding agents — Enforce linting rules and propose fixes using AI coding agents.		https://github.com/xoriors/experimental/issues/3	Discord	https://discord.gg/3W3mwWvz8y	
EchoRead	https://github.com/xoriors/echo-read	EchoRead — Real-time conversation assistant for reading, summarizing, and explaining text.		https://github.com/xoriors/echo-read	Discord	https://discord.gg/3W3mwWvz8y	Antonio Gabriel DRAGNE
coming soon https://xorio.rs/	coming soon https://xorio.rs/	EchoLearn — Adaptive AI micro-learning engine with personalized practice loops.		coming soon https://xorio.rs/	Discord	https://discord.gg/3W3mwWvz8y	
rvdebugger	https://github.com/radumarias/rvdebugge	#experimental: 3D visualizer debugger with rerun — Inspect and debug code using Rerun's 3D visualization in an agent workflow. A small experimental toolkit for visualizing concurrent program execution in 3D using Rerun (https://rerun.io/) (rerun-sdk). Instead of reading thread logs or stack traces, you watch threads run as nodes, lines, and tick-pins laid out in space and time.		https://github.com/radumarias/rvdebugger	Discord	https://discord.gg/3W3mwWvz8y	
coming soon https://xorio.rs/	coming soon https://xorio.rs/	#experimental: 3D Marketplace populated with with coding agents		https://drive.google.com/drive/folders/1cOBWeN	Discord	https://discord.gg/3W3mwWvz8y	Alexandru BOTGACA
xpcopypaste	https://github.com/xoriors/xpcopypaste	file transfer in browser		https://github.com/xoriors/xpcopypaste/issues	Discord	https://discord.gg/3W3mwWvz8y	Mihnea Andrei GRIGORE
xrecfs	https://github.com/xoriors/xrecfs	Use error correction for data recovery		https://github.com/xoriors/xrecfs/issues/1	Discord	https://discord.gg/3W3mwWvz8y	Adela-Andreea MARIN
xrecfs	https://github.com/xoriors/xrecfs	Move examples to separate crates		https://github.com/xoriors/xrecfs/issues/276	Discord	https://discord.gg/3W3mwWvz8y	
Charts Builder	https://github.com/xoriors/charts-builder	Charts builder with AI coding agents — Generate chart code and datasets automatically using AI coding agents.		https://github.com/xoriors/charts-builder/issues/1	Discord	https://discord.gg/3W3mwWvz8y	Răzvan Alexandru CĂLIMICEANU
xrecfs	https://github.com/xoriors/xrecfs	IPFS plugin		https://github.com/xoriors/xrecfs/issues/255	Discord	https://discord.gg/3W3mwWvz8y	
xrecfs	https://github.com/xoriors/xrecfs	Add compression		https://github.com/xoriors/xrecfs/issues/236	Discord	https://discord.gg/3W3mwWvz8y	
xrecfs	https://github.com/xoriors/xrecfs	Document comparison with other projects		https://github.com/xoriors/xrecfs/issues/235	Discord	https://discord.gg/3W3mwWvz8y	
xrecfs	https://github.com/xoriors/xrecfs	Use parsley as JSON to bytes fs		https://github.com/xoriors/xrecfs/issues/234	Discord	https://discord.gg/3W3mwWvz8y	Andrei CRISTIAN
xrecfs	https://github.com/xoriors/xrecfs	Bindings for Python		https://github.com/xoriors/xrecfs/issues/203	Discord	https://discord.gg/3W3mwWvz8y	
xrecfs	https://github.com/xoriors/xrecfs	Bindings for other languages		https://github.com/xoriors/xrecfs/issues/202	Discord	https://discord.gg/3W3mwWvz8y	Ioan APALAGHEI
xorio-claude-plugin	https://github.com/radumarias/xorio-clau	Claude code plugin for dev tasks		https://github.com/radumarias/xorio-claude-plugi	Discord	https://discord.gg/3W3mwWvz8y
